UNGASS DECLARATION OF COMMITMENT:

**Release of 2010 UNAIDS Global Report**

UNAIDS released the 2010 issue of its Global Report on the AIDS Epidemic on 23rd November. The report shows an improvement in reporting with 180 out of 189 countries submitting country progress reports compared to 147 countries in 2008. Although this is a great achievement, data is still lacking from many countries.

**WORKPLACE INITIATIVE:**

**Business Scorecard Taking Shape**

The last quarter of this year has been a very productive period for the Business Scorecard Development Team. We have hosted two consultative meetings with team members, one in Johannesburg and one in London, to advance the methodological development of the Business Scorecard.

**SCORECARD UPDATES:**

**Scorecard on Sexual Diversity**

The AIDS Accountability Scorecard on Sexual Diversity is being finalised on the release of the latest UNAIDS data. The release of the findings will start in February/March 2011. AAI acknowledged Transgender Day of Remembrance on November 20 with a press release. Keep up to date with the latest press release and news.

**UNGASS M&E REVIEW:**

**New Report on Review of UNGASS M&E**

AAI reported in the last newsletter about our involvement in the UNGASS review process, a new report summarizes the suggestions made. AAI was part of one of four working groups, “Enabling Environments” which pushed for highlighting the notion of accountability and meaningful civil society participation in the countries’ narrative reports.
